

Dr. Sneha Dobhal has over 11 years of experience in teaching and research in the field of forestry. She obtained her Bachelor's degree in Biotechnology from Hemvati Nandan Bahuguna Garhwal University, Uttarakhand, her Master's degree from the Forest Research Institute (Deemed University), Dehradun, and her Ph.D. in Forestry from Dr. Y.S. Parmar University of Horticulture and Forestry, Nauni, Solan, Himachal Pradesh.

Currently, she serves as Assistant Professor (Forestry) at the College of Forestry, Ranichauri, under VCSG Uttarakhand University of Horticulture and Forestry, Uttarakhand, India. She is actively involved in teaching undergraduate, postgraduate, and doctoral students in Forestry and Agriculture.

Prior to joining academia, Dr. Dobhal worked as a Junior Research Fellow (JRF) at the ICAR–Indian Institute of Soil and Water Conservation, Dehradun. Her academic contributions include the editing of two books, one practical manual, and eleven book chapters. She has published more than 60 research papers in reputed national and international peer-reviewed journals, along with several popular articles, and has presented her research at numerous national and international conferences, seminars, and symposia.

Dr. Dobhal has coordinated a training programme on “Remote Sensing and GIS Applications in Carbon Forestry” conducted by the Indian Institute of Remote Sensing (IIRS). She has also participated in several professional training programmes and workshops. In recognition of her scientific contributions, she has received four national awards at conferences. She serves as a reviewer for several reputed high-impact journals and is actively engaged in the supervision of M.Sc. and Ph.D. students in Forestry.
